map Reading Fluency

Turn assessment evidence into Instructional action

Activate MAP® Reading Fluency™ by learning how to use foundational and oral reading fluency skills assessment data to gain a more holistic view of your early readers' abilities, personalize instruction for every student, and track learning progress.

Ensure MAP Reading Fluency success with NWEA Professional Learning

NWEA® Professional Learning is built on a foundation of more than four decades of assessment literacy leadership and proven best practices. It is designed to support you at every stage of your MAP Reading Fluency implementation and instructional cycle. Our role-based and customized professional learning equips you with the expertise for making the most of your data through accurate **assessment**, astute **analysis**, and informed instructional **action**.

“Professional learning has been customized to meet the learning needs for our teachers, supporting them throughout their journey. Three years later, we are seeing great success.

Using our MAP data, the learning continuum, and formative assessment practices, our students are experiencing great growth, closing the achievement gap!”

Dr. Lori Stollar

Director of Curriculum and Innovation, Littlestown Area School District, PA

Assess

MAP Reading Fluency Basics

- Discover what makes MAP Reading Fluency unique and meaningful and the key features that will support your work.
- Learn the steps you will need to take for your class to test with MAP Reading Fluency.

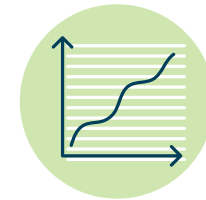

Analyze

MAP Reading Fluency Reports

- Learn how to navigate key MAP Reading Fluency achievement reports for teachers.
- Explore student-centered decisions that are informed by MAP Reading Fluency data.
- Interpret and apply MAP Reading Fluency achievement data.

Act

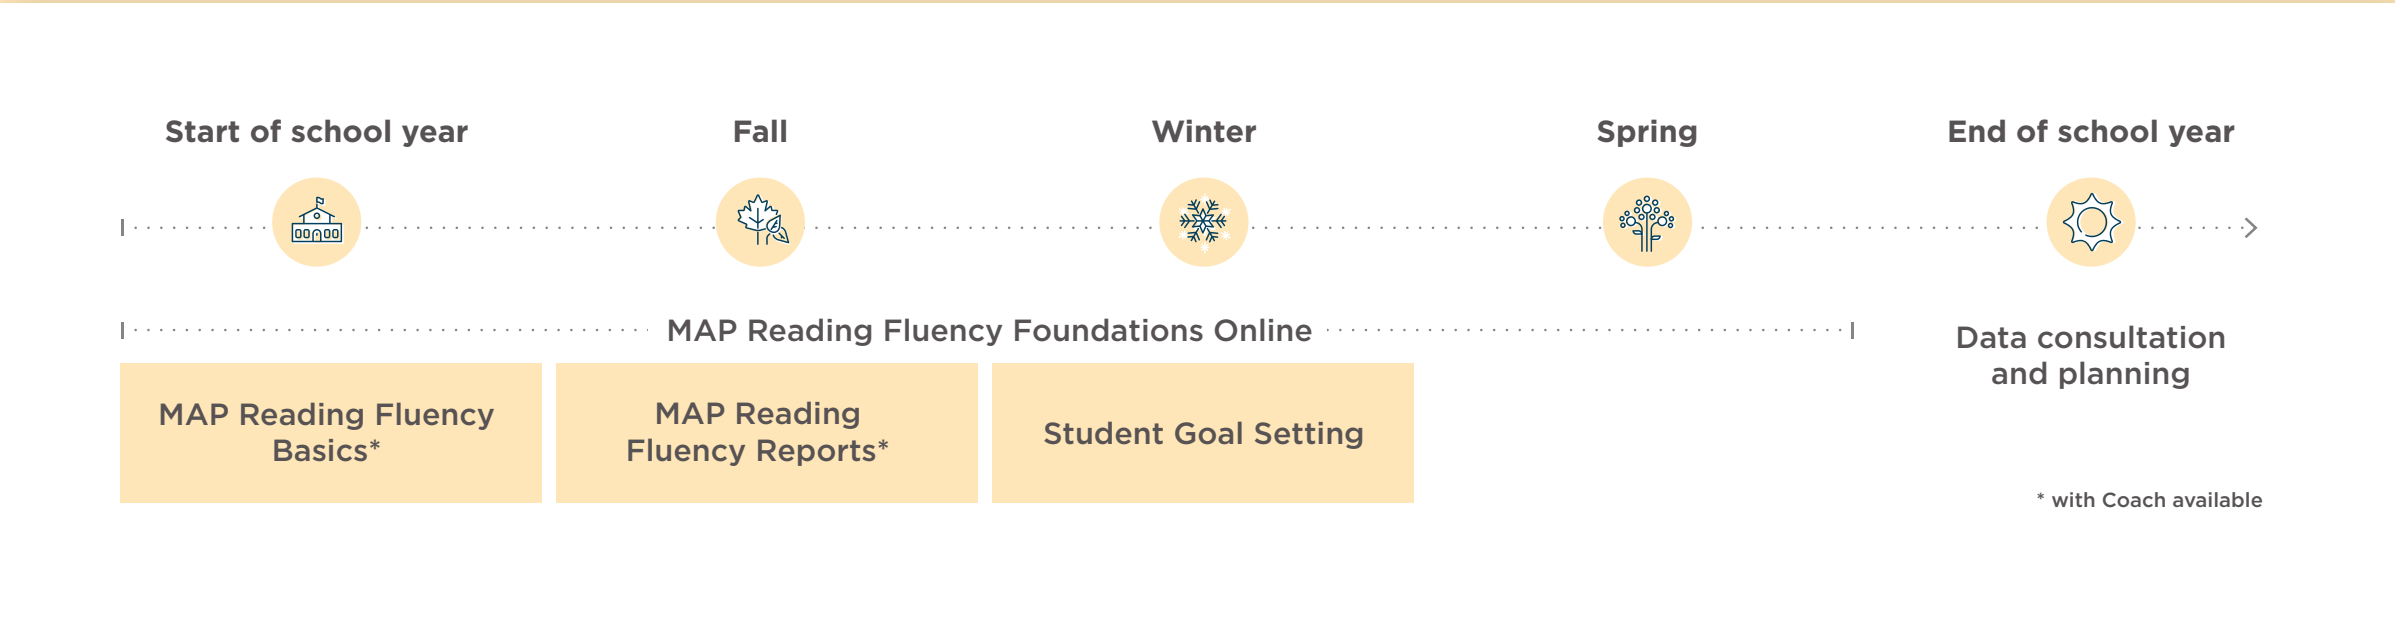

MAP Reading Fluency Informing Instruction

- Use MAP Reading Fluency data and other assessment results to identify trends in student needs.
- Learn and apply the responsive planning process to classroom practices and instructional plans.

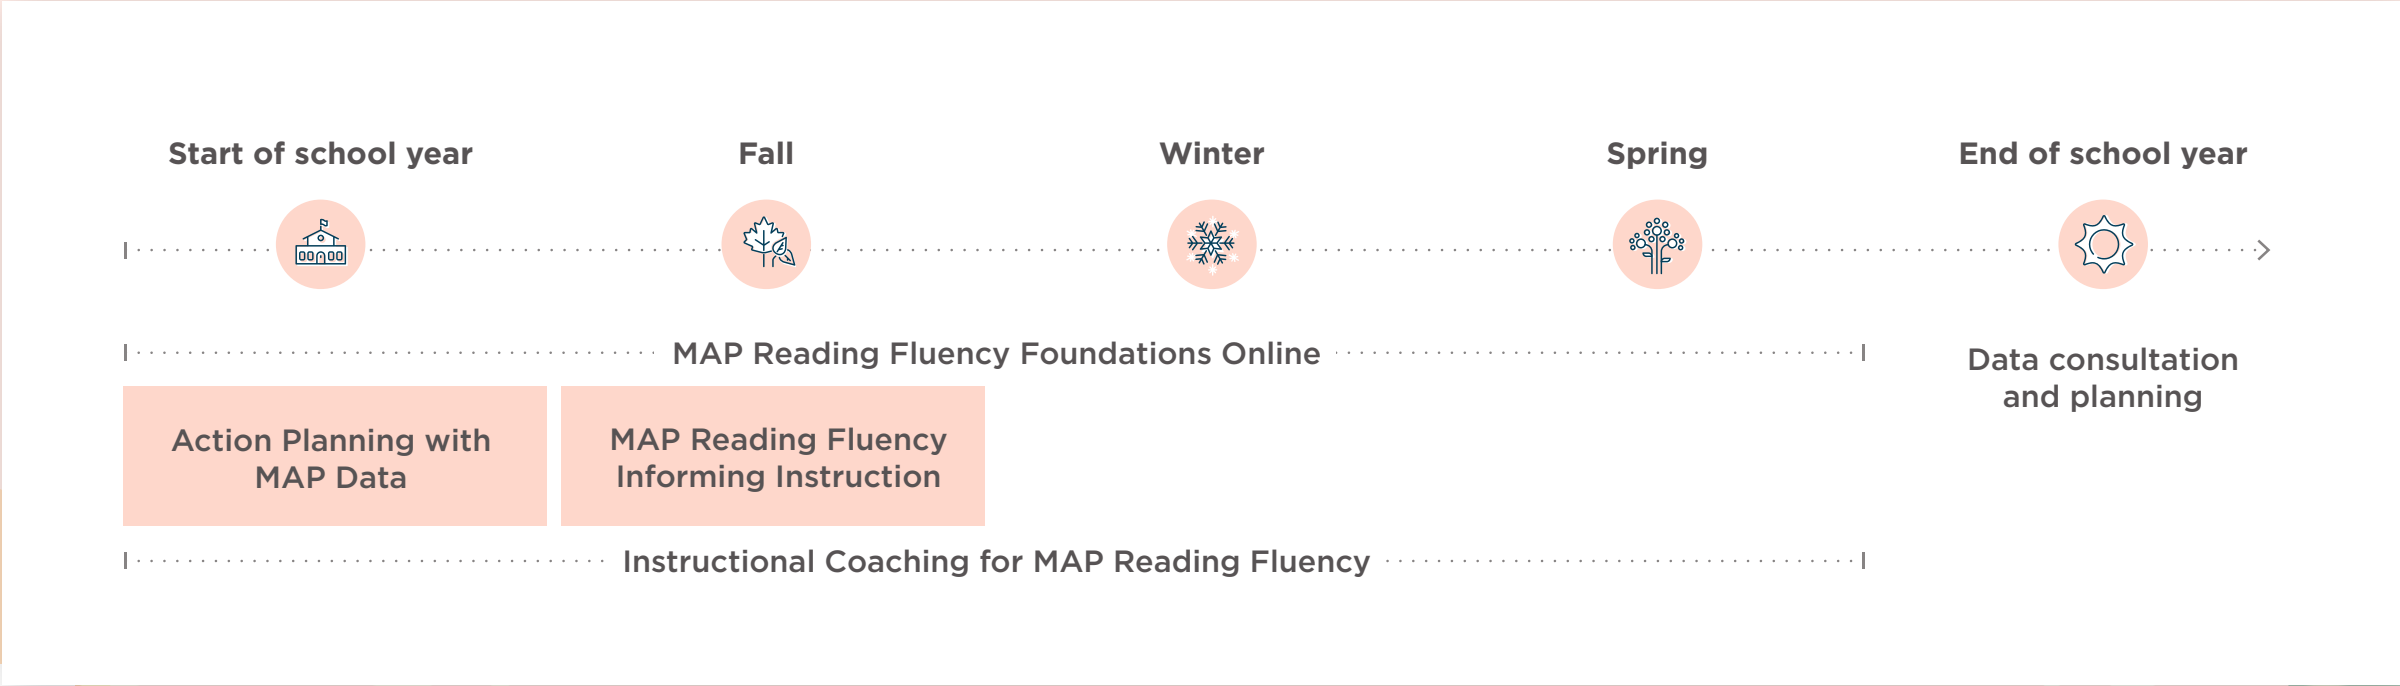

Year one: Start strong with MAP Reading Fluency

Learn how to administer the assessments and discover data's potential power to engage students and inform reading instruction.

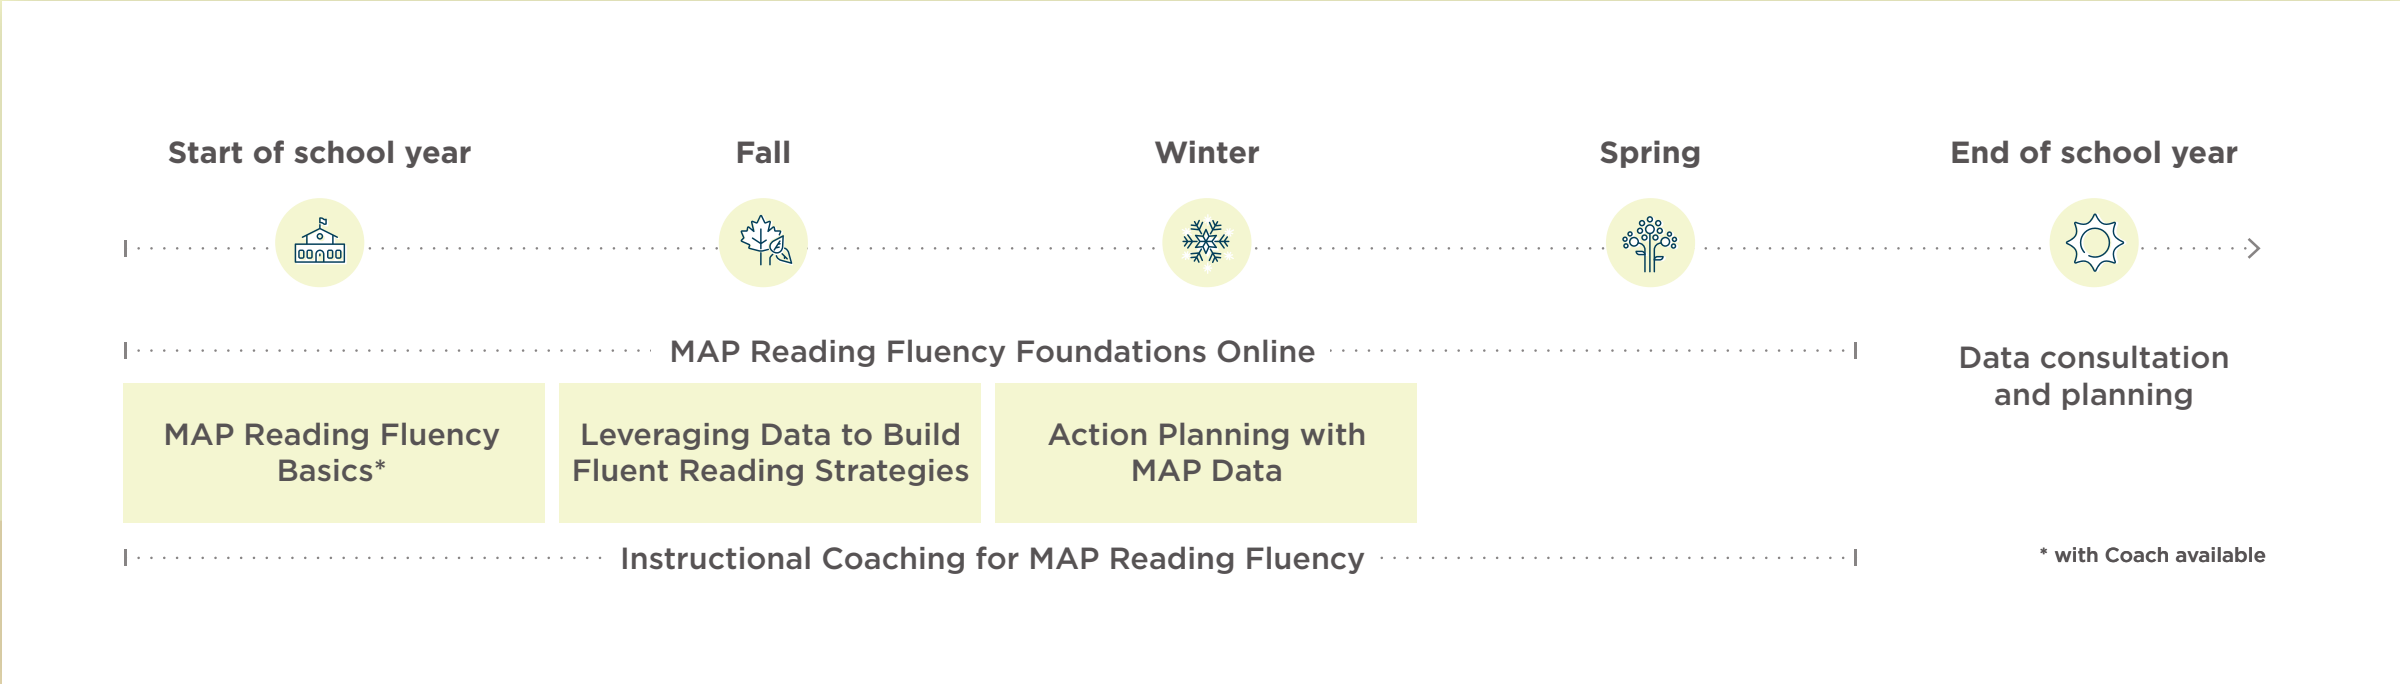

Year two: Maximize MAP Reading Fluency impact and application

Utilize the responsive planning process to address student needs and meet your school and district reading goals.

Year three: Expand MAP Reading Fluency for school transformation

Utilize MAP Reading Fluency data and Coach to foster reading growth and transformation across the classroom, grade, school, and district.

Professional learning that grows with you

MAP Reading Fluency Foundations Online

This asynchronous course provides role-based lessons, pragmatic advice from real educators, and actionable templates to prepare you for a successful MAP Reading Fluency implementation. It equips you with the tools and knowledge that staff across your school or district need to deliver MAP Reading Fluency assessments, analyze reports, and take action to help students learn.

Learner outcomes

- Teachers are prepared for every phase of MAP Reading Fluency implementation—from test preparation, through empowering students to do their best, to understanding and using test results
- Leaders are ready to prepare staff, engage teachers, and use assessment data to improve student outcomes
- Proctors are equipped with the crucial knowledge needed to proctor on test day, supporting successful testing and reliable data

MAP Reading Fluency Basics*

This is the essential introduction to MAP Reading Fluency. Educators learn the foundational elements including what makes MAP Reading Fluency unique, how to administer assessments, and the importance of engaging students and leveraging data to inform instruction.

Learner outcomes

- Understand what makes MAP Reading Fluency unique and meaningful and the key features that will support your work
- Learn the steps you will need to take to proctor MAP Reading Fluency assessments
- Navigate a sample assessment and consider strategies for student preparation and motivation

MAP Reading Fluency Reports*

Learn to make data-driven decisions that directly impact classroom instruction. By understanding the reports, educators can begin to connect assessment data to instructional strategies.

Learner outcomes

- Learn how to navigate key MAP Reading Fluency achievement reports for teachers
- Explore student-centered decisions that are informed by MAP Reading Fluency data
- Interpret and apply MAP Reading Fluency achievement data

MAP Reading Fluency Informing Instruction

Learn how to use MAP Reading Fluency data to inform and tailor instructional practices, ensuring that each student's needs are met through responsive teaching strategies.

Learner outcomes

- Use MAP Reading Fluency data and other assessment results to identify trends in student needs
- Learn the responsive planning process and consider pacing, differentiation, scaffolding, and available resources
- Apply to classroom practices and plan for responsive term- or unit-level instruction

Professional learning that grows with you

MAP Reading Fluency Student Goal Setting

This workshop helps educators learn to use MAP Reading Fluency data to set meaningful goals with students to increase student motivation and ownership of their learning.

Learner outcomes

- Use MAP Reading Fluency data to support a goal-setting process with students
- Explore ways to involve students in the process to increase their motivation, sense of ownership, and likelihood of success

Action Planning with MAP Data

Our Action Planning with MAP Data workshop equips schools and districts with the tools and strategies they need to turn MAP Reading Fluency data into meaningful action. This workshop provides dedicated time to focus on your specific data, guiding you through actionable next steps that align with your district and school improvement plans and goals.

Learner outcomes

- Work with experts to interpret MAP data and craft detailed next steps that directly impact instruction and school improvement goals
- Collaboratively analyze your MAP Reading Fluency data and generate tailored action steps that fit your unique needs
- Ensure data analysis and planning align vertically across grades, creating a cohesive, school-wide improvement plan

Leveraging Data to Build Fluent Reading Strategies

Analyze MAP Reading Fluency data to determine next steps to move students along in their literacy learning journey. Then explore key reading fluency lesson structures and instructional strategies to support students while incorporating those learnings into lesson plans to optimize student outcomes.

This session with two follow-up coaching sessions ensures a deep understanding of both MAP Reading Fluency data and the strategies that will improve reading fluency skills for students.

Learner outcomes

- Explore why reading fluency is the key to good reading development
- Discover how to leverage MAP Reading Fluency data to understand students' reading skills and instructional needs
- Build lesson structures and instructional strategies to support students with building the ability to read text smoothly, accurately, at an appropriate speed, and with proper expression (prosody)
- Develop an action plan to implement new lesson structures and strategies based on current MAP Reading Fluency data

Instructional coaching for MAP Reading Fluency

NWEA instructional coaching goes beyond MAP Reading Fluency data interpretation; it enhances educator assessment literacy, translating complex data into practical and impactful instructional strategies. The coaching cycle leverages insights from MAP Reading Fluency and comprehensive support strategies to enhance teaching practices through practical, relevant experiences while fostering a culture of shared growth and continuous improvement.

Learner outcomes

- Encourages educators to ask critical questions and explore data, forming the basis for informed strategies
- Translates insights into practical, classroom-ready techniques
- Allows educators to assess the effectiveness of their actions, fostering continuous improvement

NWEA Professional Learning pedagogy

Professional learning at NWEA is designed to make meaningful, measurable instructional changes. We reference professional standards such as Learning Forward Standards, InTASC Model Core Teaching Standards, and ESSA definitions of professional development. Our approach is centered on evidence-based assessment and learning solutions that respond to the needs of all learners. We work shoulder to shoulder with educators across school systems and states to foster student growth. By integrating real-time data with best practices, NWEA Professional Learning helps educators tailor instruction to meet the diverse needs of their students, ultimately improving student outcomes across all grade levels.

NWEA Professional Learning benefits

- **Customized learning paths:** Our professional learning programs are tailored to meet the specific needs of your school or district, ensuring that every session is relevant and impactful.
- **Research-backed content:** We reference professional standards such as Learning Forward Standards, InTASC Model Core Teaching Standards, and ESSA definitions of professional development.
- **Ongoing support:** Beyond the workshops, NWEA offers coaching services to help educators apply what they've learned in their classrooms, ensuring sustained instructional change.
- **Commitment to assessment literacy:** NWEA Professional Learning is dedicated to developing educators' assessment literacy to transform learning outcomes and personalize learning, ensuring that each student receives the targeted instruction they need.

Delivery options tailored to meet your needs

Onsite learning

Face-to-face sessions with a consultant

Virtual learning

Live online instruction

Which duration is right for me?

1-hour sessions provide:

- A high-level overview
- Opportunities to brief larger groups in a shorter amount of time
- Flexible scheduling for before- or after-school meetings

2-hour sessions provide:

- Foundational learning
- Opportunities to use new learning with personalized practice
- Flexible scheduling for after school or part of a learning day

3-hour sessions provide:

- In-depth learning
- Opportunities to connect learning to student outcomes
- Ample time for discussion, collaboration, and reflection
