Instructional Connections Program

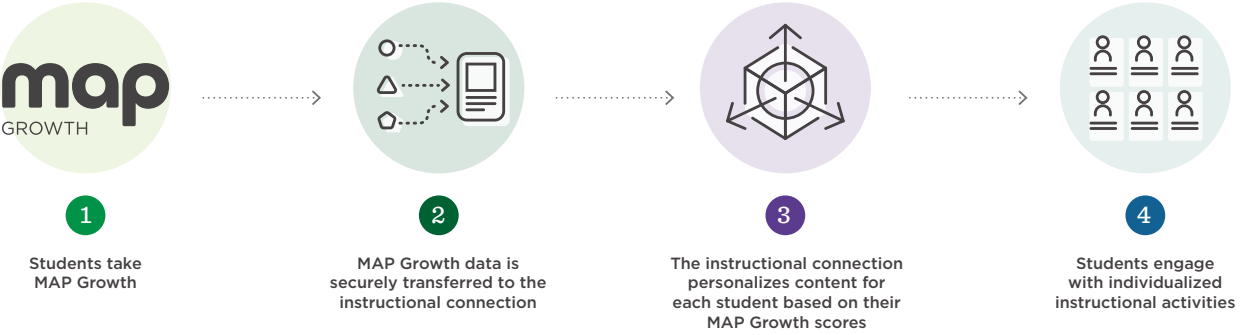

nwea

Educator and student success starts here

Supporting growth for more students in more grades across more subject areas than any other assessment provider, MAP® Growth™ delivers precise, reliable data to help educators at all levels make the most informed and effective decisions.

Personalize instruction with the widest range of instructional tools

Sharing secure MAP Growth data with one of over 30 leading instructional connections creates unmatched opportunities to meet students exactly where they are. Whether you are looking for deeply integrated curriculum and assessment or simply want your assessments to connect directly to the learning tools you already trust, we've got you covered.

Get connected today

Choose what's best for your students

Seamlessly connect the most accurate assessment data to the largest set of instructional content providers—never a “one-size-fits-all” approach.

Give time back to teachers

Let MAP Growth quickly and easily create learning paths for each individual student without additional placement assessments, making teacher workflows more efficient using the tools they already have.

Meet the widest range of diverse student needs

Precise data connected to the instruction you choose ensures targeted and effective instruction for every student.

“

It's the most well-researched test out there. I'm continually impressed by the norm studies and other research NWEA® publishes... When I'm asked about the credibility of the test, I know what I'm saying is research-based, and there are many studies to back it up. We've been thrilled to be able to work with a company like this.”

Colleen Lennon
Curriculum Specialist, Cleveland Municipal School District, OH

Your students, your choice

Only MAP Growth connects to the widest range of instructional providers.

Visit [NWEA.org/instructional-connections](https://www.nwea.org/instructional-connections) to learn more.

Connect to integrated teaching solutions from HMH

MAP Growth is an essential component of the first-of-its-kind HMH® Performance Suite. It's a game-changer for effectively integrating MAP Growth data into daily instruction and scaling effective and engaging whole-class instruction across every classroom in the district.

Additional HMH integrations

HMH  Read 180®

HMH  Math 180®

HMH  Waggle®

MAP Growth scores can now place students in personalized adaptive practice or intensive intervention.

Visit hnhco.com/programs/hmh-performance-suite to learn more about reducing teacher planning time and providing more opportunities for meaningful interactions with students.

nwea

NWEA, a division of HMH, supports students and educators worldwide by providing assessment solutions, insightful reports, professional learning offerings, and research services. Visit [NWEA.org](https://www.nwea.org) to find out how NWEA can partner with you to help all kids learn.
