

map GROWTH

Precisely measure achievement and growth

MAP® Growth™ sets the standard for K–12 achievement and growth in math, reading, language usage, and science. By dynamically adjusting to each student’s performance, MAP Growth delivers a personalized assessment experience that accurately measures achievement and tracks growth. Gain precise insights for critical decisions and personalized instruction with the most comprehensive and trusted assessment—reaching more students in more grades across more subject areas than any other. Nobody else comes close.

Track each student’s growth journey

MAP Growth shows how much growth occurs between testing events and, when combined with our industry-leading norms drawn from the world’s largest pool of student data, shows projected proficiency. You can track growth through the school year and over multiple years.

Reach more students with the most comprehensive coverage

MAP Growth offers more subject and grade coverage than any other interim assessment. Support emerging bilingual students with select assessments in Spanish.

	MATHEMATICS	READING	LANGUAGE USAGE	SCIENCE
ENGLISH	K-12	K-12	2-12	2-12
SPANISH	K-12	K-8		
COURSE SPECIFIC (ENGLISH ONLY)	Algebra I & II, Geometry, Integrated Math 1, 2, & 3			Life science

INTERIM ASSESSMENT FOR GROWTH

Serving more than 13 million students

GRADE-LEVEL COVERAGE

K-12

Subject dependent

SUBJECTS

- Math*
 - Reading
 - Language usage
 - Science*
- *Course-specific tests available

TEST TIME

45–55 minutes

Untimed

FREQUENCY

GRADE-LEVEL INDEPENDENCE

Measures achievement of every student, whether on, above, or below grade level—even if standards change

STANDARDS ALIGNMENT

- State standards
- Common Core
- Next Generation Science Standards (NGSS)*
- AERO

ACCESSIBILITY

- Refreshable braille (grades 2-12)
- Keyboard navigation
- Screen reader (JAWS) compatible (grades 2-12)
- Magnification
- Color contrast adjustment
- Test & item aids (grades 2-12)
- Universal Design for Learning (UDL)
- Text-to-speech (grades 2-12)
- WCAG (grades 2-12)
- Alternative text descriptions for images (grades 2-12)

Make critical decisions with the most comprehensive assessment data

Focus on next steps with easy-to-understand reports that help educators confidently plan instruction to meet each classroom's unique needs. You'll have a clear view of performance and growth at the student, class, school, and district levels, making it easy to identify trends, spot potential problems, and plan for improvement.

The screenshot displays the MAP Class Profile interface for a Reading Test. The header includes the MAP logo and navigation links. Below the header, filters for Instructor (Instructor, Teacher A), Class (Homeroom), Subject (Language Arts), and Course (Reading) are visible. The main content area is titled "Reading Test Results for Homeroom" and includes a "Print .PDF" button. It is divided into two sections: "ACHIEVEMENT PERCENTILES" and "COMPARISONS".

ACHIEVEMENT PERCENTILES
Of 11 students, 10 have tested and have a score. Expecting a different number? [Learn more about this data and test scores](#).
Most are below the mean: (50th percentile).

Number of Students by Percentile	
>80%	1
61 - 80%	2
41 - 60%	3
21 - 40%	2
<21%	2

COMPARISONS

Grade 4 (3 students)
Class Average RIT: 213.7
Your grade 4 students have scores above the national average (197).
Median Percentile: 71

Grade 5 (7 students)
Class Average RIT: 199.3
Your grade 5 students have scores that are below the national average (204).
Median Percentile: 38

KNOW SOONER WITH RAPID GUESSING NOTIFICATION

MAP Growth automatically identifies rapid guessing behavior, allowing the proctor to intervene and reengage students in the moment. Detailed reports provide further insight and help proctors and teachers determine who may need to retest.

REMOTE TESTING READY

MAP Growth is available for onsite and remote testing. Millions of students have completed remote test sessions, with a multilevel analysis indicating the virtual format has little effect on student achievement.

"If we have a program that's not showing results on MAP, then we'd get rid of it."

Dr. Lewis Holloway

Superintendent, Bulloch County School District, TX

Connect to the widest selection of instructional providers

MAP Growth gives you the freedom to choose from more than 40 products—including ones you are likely already using—to truly personalize instruction and make every classroom a data-informed classroom.

See all our instructional connections at [NWEA.org/instructional-connections](https://www.nwea.org/instructional-connections)

Partner with NWEA for educator success

Activate MAP Growth with a robust, holistic slate of professional learning workshops. From interpreting data and goal setting to instructional applications and fostering a culture of growth, you'll find experiences for educators in every role.

Professional learning consultants are available for any setting—onsite, virtual, small group, or 1:1—built around your unique goals and local context.

- **Teachers and teacher leaders:** Interpret MAP Growth data to inform instruction and goal setting
- **Instructional coaches:** Refine skills to support teachers in instructional applications of MAP Growth data
- **School and district leaders:** Gain expertise in MAP Growth reports to foster a data-informed culture and set long-term goals

ABOUT NWEA

NWEA®, a division of HMH, supports students and educators worldwide by providing assessment solutions, insightful reports, professional learning offerings, and research services. Visit [NWEA.org](https://www.nwea.org) to find out how NWEA can partner with you to help all kids learn.
