

How to Enroll in the Maine Through Year Assessment Coordinator Training Module

To offer more flexibility, the Assessment Coordinator training has moved from a synchronous virtual session to a training module housed on NWEA's Professional Learning Online platform. The training module can be completed at your own pace and according to your own schedule; please ensure that you have completed the training prior to the first day of your local administration window.

ONLY Assessment Coordinators are required to complete the training module. Proctors of the Maine Through Year Assessment are NOT required to complete the training module; instead, they must watch the <u>Proctor Training Video</u>. Both the Assessment Coordinator and proctor training are required to be completed <u>once per school year</u>.

If you already have a MAP profile, use the following steps to log in to Professional Learning Online using an auto enrollment link:

Troubleshooting

• After logging in, if the home page displays a 403-error or a message indicating that you do not currently have access to this content, this indicates that you did not use the auto enrollment link provided above to enroll in the course. You will need to enroll using the auto enrollment link to bypass the 403-error message.
